

Central Indiana Corporate Partnership

# Governor's Workforce Cabinet

February 20, 2020

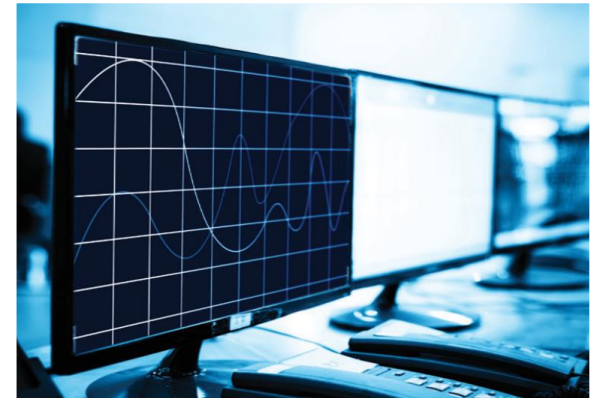

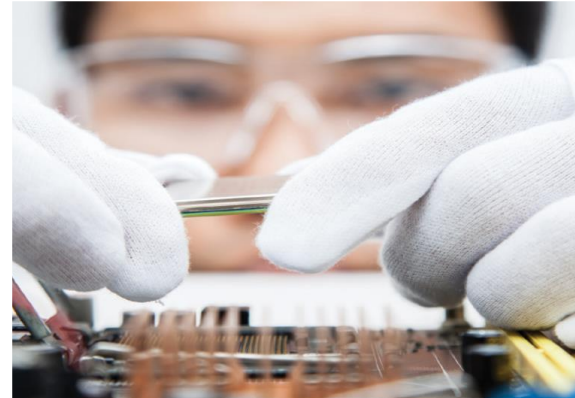

# CICP Initiatives 2020

# Advanced Industries

**R&D-intensive** industries that concentrate the nation's **science, technology, engineering, and mathematics**

# Indiana GPS Project Overview

- The Lilly Endowment Inc. awarded a grant to Central Indiana Corporate Partnership to support an 18-month comprehensive, statewide “bellwether” study producing 92 counties’ worth of data
- The Indiana GPS Project will be conducted in partnership with **Brookings Institution’s Metropolitan Policy Program** and **American Enterprise Institute**
- Throughout the study, CICP will ensure that both the process of information-gathering and the dissemination of its findings and recommendations for action are broadly and geographically distributed, discussed and tested with community thought leaders and policymakers around the state

# Collaborative Research and Project Management
